JAMES F. LIPSMEYER

Jim:

I don't have to tell you how I enjoyed being in the same class with you throughout grade school and high school. It's tough to see graduation time come around, but like all things, it eventually does. Still this won't make me forget what a great guy you are. In the future, I doubt that you'll have much to worry about. Please remember me as I will you.

Sincerely yours,
Steve Schubert

Jim,
Been nice going to school
with you. Also our other
associations together have
been fun. You're a swell
guy but you better control yourself.
Sorry to see you go but that's the way it is,

Dear Jim

These four years at U. S. have been really rocking and you were what made them rock. We have had some great times together and I hope we can have some more of these jolly times!

James "the Bald" Mayes

Jim,

I have enjoyed knowing you all these years and look to see it end. But as the saying goes all good things must come to an end. I hope I see you sometime in the future. Good luck & may you have every success.

Jay "Grand

Jim,

I've really enjoyed spending a portion of my life knowing you, even if you did scare me to death the way you handle your mail.

You can count on me as a friend to get you into the F.B.I.; I'll lie! (Just kidding.) You're a great guy and I wish you lots of luck in the future. Pray for me.

Roger

Jim,

Years from now, I can look back & say. "He was nice, a great guy, and everything; but he always went wild in Physics and Eng." I hope I see you again, but I am going to Texas and I don't think I'll be back.

Rick

Jim,

I am sorry that both of us had to flunk out of the Naval Academy. But this will let us be classmates next year. Don't give up, for this is a great goal which will make both of us better men.

Jim,

Well we've had some great times together and I wouldn't trade them up for anything. Don't forget me when you become an agent and a big gangster. Look in the future.

Dear Jim,

Boy we really have a lot of memories of our four years in high school to share. I hope we'll remain friends, and your frank and friendly way will win you many others. I guess we'll always remember our basketball playing, our famous rides home in your Hudson, and many other severely wonderful things. It sounds corny, I know, but please remember me, with friendship in mind, not hatred.

TIFUL SCHOOL IN THE SOUTH

GROUND-BREAKING FOLLOWED THE FUND RA

Generations of grateful Catholic High students will remember with gratitude the tremendous efforts put forth in their behalf by the campaign workers and the laity of Pulaski County.

His Excellency Bishop Fletcher reads from the ritual the groundbreaking prayers for a new school.

Bishop Fletcher congratulates Mr. John Matthews, General Chairman of the Fund Drive on a great job.

Principal Father Galvin was on the construction site almost every day. Here he confers with the head watchman.

Msgr. Francis A. Allen, the Executive Clerical Chairman addresses campaigners in K. of C. Hall during early days of the fund drive.

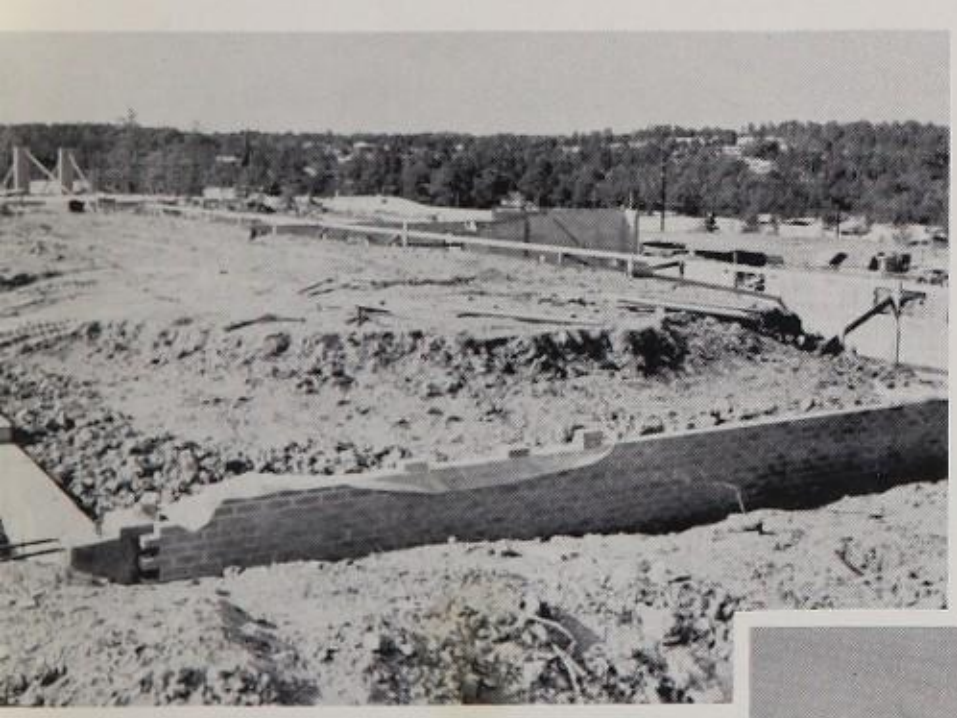
His Excellency addresses the hundreds of parents and parishioners who attended the groundbreaking ceremonies.

CONSTRUCTION BEGAN

A promise of the great structure to come was given by the extent of the foundation.



Quickly the brick wall made its appearance and mounted higher each day. . . .as did the hopes of onlookers.

CROWDS ATTEND DEDICATION CEREMONIES

Bishop Fletcher stands before main entrance and begins the prayers of blessing.

OVER TWO-THOUSAND PULASKI COUNTIANS WERE ON HAND FOR THE BLESSING AND FORMAL DEDICATION OF THE NEW CATHOLIC HIGH SCHOOL ON SUNDAY AFTERNOON, FEBRUARY 26th, 1961. FOLLOWING THE DEDICATION THE PEOPLE WERE TAKEN ON GUIDED TOURS OF THE BUILDING AND ENTHUSIASM RAN HIGH. ASSISTING HIS EXCELLENCY, BISHOP FLETCHER WAS RT. REV. MSGR. JOSEPH A. MURRAY, CHANCELLOR.

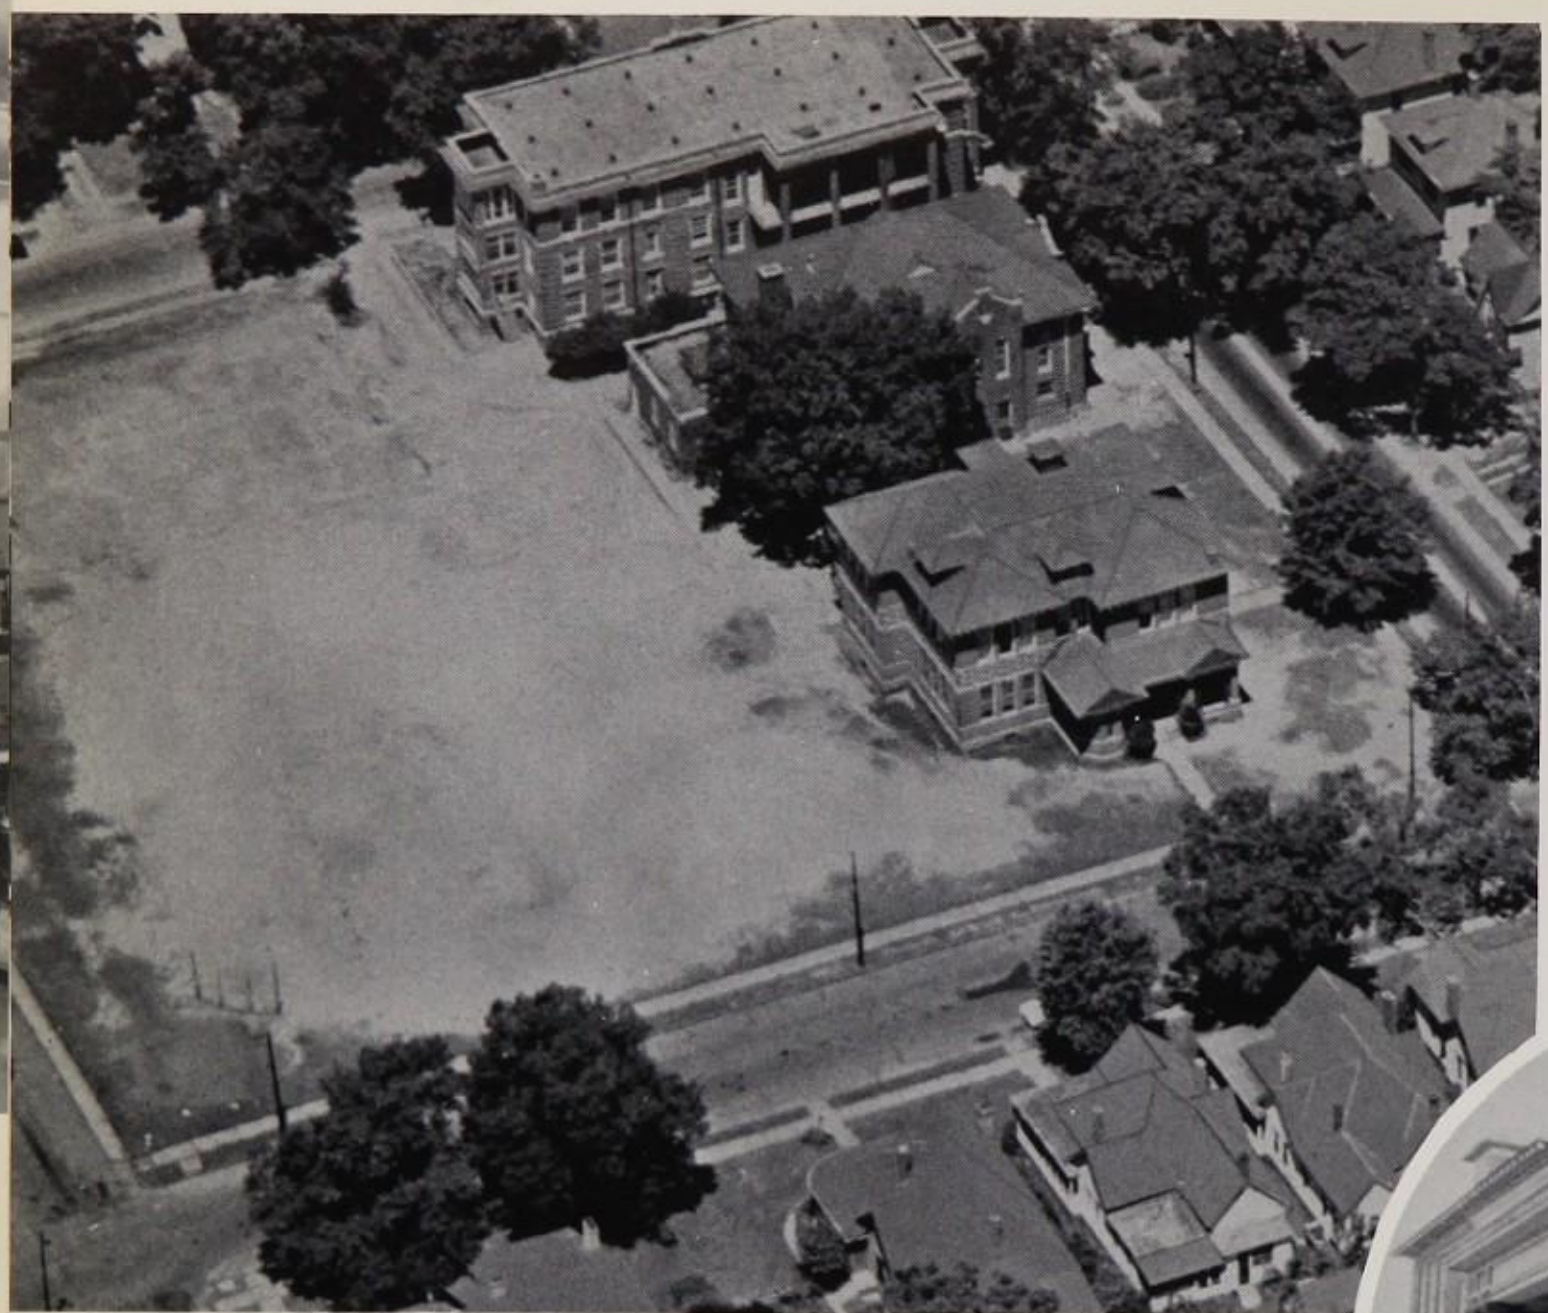
Main crucifix is erected in school office.

People listen to Bishop Fletcher's dedicatory remarks.

Bishop smiles happily while inspecting his new school.

BUT-WE'LL NEVER FORGET THE OL



Although we looked forward with happy anticipation to moving into the new school it was not without certain feelings of regret that we pulled up stakes and left the place that had been "alma mater" for three and a half years for us seniors. This view from the air is high enough to mercifully conceal the deterioration of the "grand old lady" of 25th & State Sts.

Below: We're too polite to identify it.. but we'll always remember this particular doorway.

(Right) Many a boy raced across this field with football in hand and a howling mob behind during noon time for over three decades.

Left: Most dilapidated of all was the science and library building, the varied corners of which served as shelter to a generation of clandestine smokers with hired guards watching out for wandering faculty members.

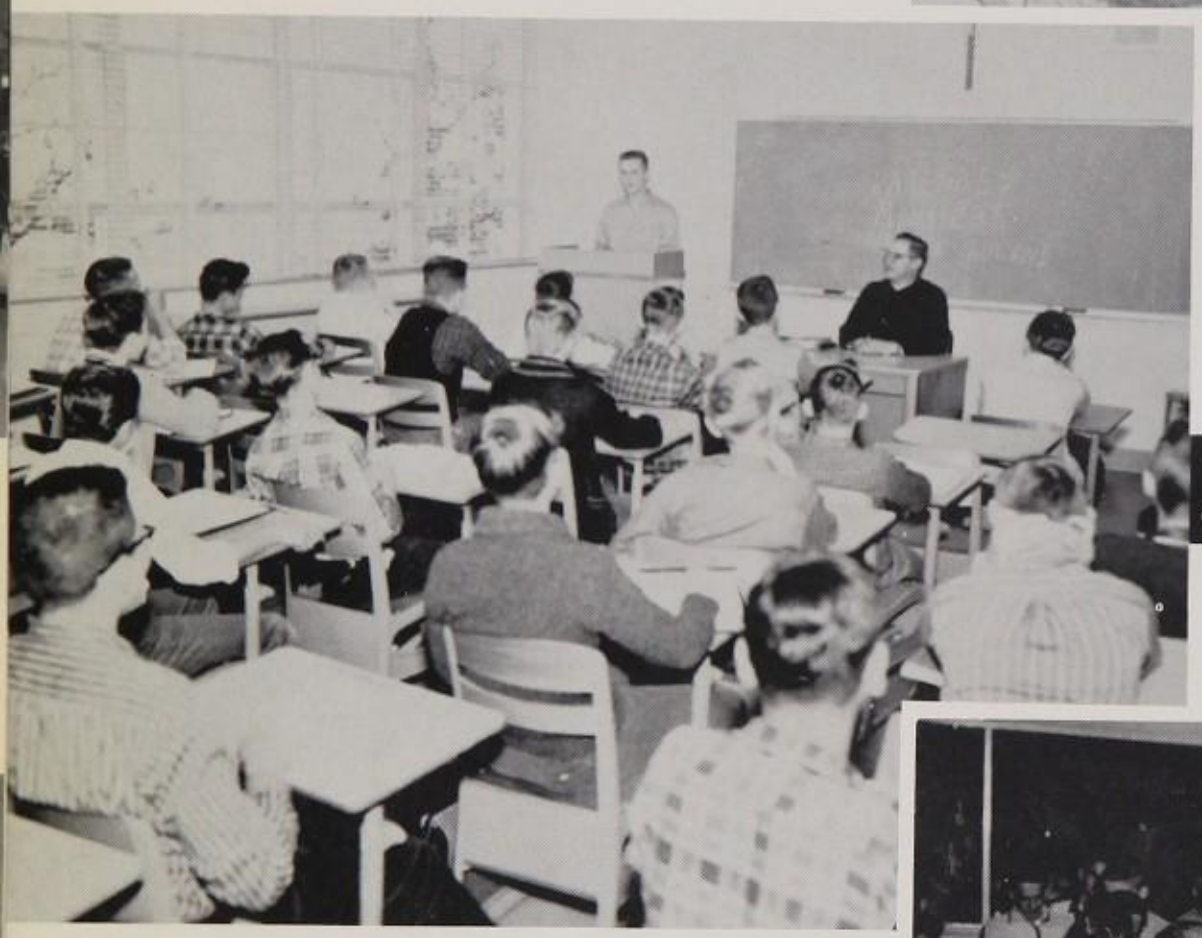
A STUDY IN CONTRASTS

THE OLD...

The tremendous difference between the Old and the New Catholic High is clearly visible in the pictures on these pages.

Air view of Roosevelt Road side of the old Catholic High. From left: library and science building, gymnasium, classroom building.



...AND THE NEW

This new classroom above, bright-airy-spacious, offers quite a contrast to old faithful 207 on State Street picture on the right. The crowded, dark classrooms of the old building are typified by this photograph taken of members of the Class of 1961 when they were juniors.

Cornerstone of old school reads:
TO THE LORD, IN WHOM DWELLS THE FULLNESS OF DIVINITY, WISDOM AND KNOWLEDGE, THIS STRUCTURE, FITZGERALD HALL, IS DEDICATED AND ERECTED FOR THE PURPOSE OF INSTRUCTING YOUTH IN THE COMMANDMENTS OF GOD AND IN HUMAN PRUDENCE.

IN THE YEAR OF OUR LORD 1911

THE OLD ...

The small lockers, the narrow walking area, the meager lighting of the main (and only) corridor of the old school have been replaced by the large individual lockers, and the brightly illuminated ten-foot-wide hallways of the new. A NEW LIBRARY TO BE PROUD OF...

The library is truly one of the "showplaces" of the new school. The shelves are filled with three thousand volumes . . . with more on the way now that Catholic High finally has room for them. Plenty of light and plenty of space.

The beautiful blond furniture is a real visual delight. The library seats fifty two. Behind the check-out counter is the librarian's private office. To the left of that a store room and a windowed workshop. The door on the far left opens on a conference room.

THE GREAT NEW CATHOLIC HIGH

A BUSY PLACE–IN EVERY SPACE

David Binz looks for the answer in his book as Tim Benton and other classmates seem to enjoy his dilemma.

Fourth period office attendants John Tuohey and Jonathan Wolfe keep busy with their job.

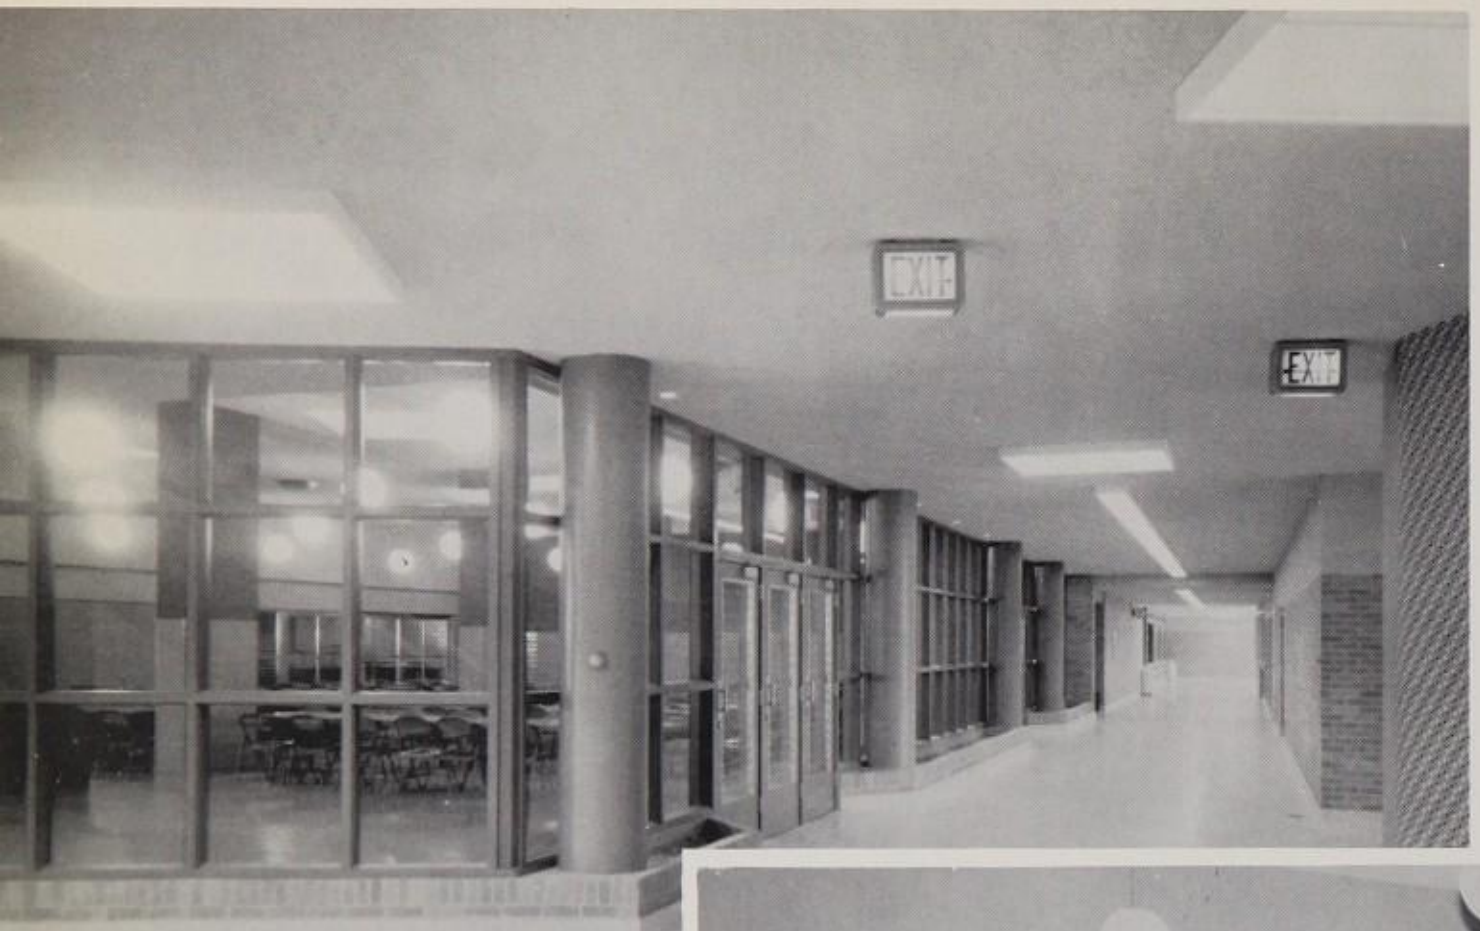
Ted Yotter and Father Tribou talk over Ted's college plans in the Guidance Office.

It took us several weeks to get accustomed to our spacious new lobby . . . we were too used to old crackerbox on State Street. When this was taken however, the topic of interest was Mike Moran's colorful vest.

Ken Bynum is giving some unfortunate enemy the "evil eye" as his classmates hurry upstairs for afternoon classes . . . well, SOME are hurrying.

Don Schmuck at board in Freshman Religion class.

DINING IN UNACCUSTOMED SPLENDOR . . .



Lunchtime was never like this in the old school. Our 300-plus-seat cafeteria is a minor masterpiece. At left is view of cafeteria from main lobby looking south.

No one minds waiting in line when he can listen to beautiful music from the local F-M station . . . that is when the sophomores lower the tone of their chattering!

The freshmen were the first to choose a corner of the cafeteria and label it their own. Jay Rogers is graciously permitted to invade the area for a few minutes.

The stainless steel kitchen was a delight to the mothers who visited us on Dedication Day. They'd like one just like it but . . . not quite so large.

Miss Uekman, the employee who has been with Catholic High the greatest number of years is especially proud of the new kitchen and its many modern facilities. Here she supervises meal preparation.

Boys line up at the serving area waiting their turns to fill up the trays. Byrd and Wellman dish up "generous" portions of "roast pheasant under glass ala mode."

AN EVENING AT THE

Among the highlights of the freshman year at Catholic High are those evenings at the Freshman Canteen . . . . an institution of many years.

Leslie and Richard don't hang around the sidelines . . they get out and dance.

Lining up to find a new partner each time.
(Left) Is Newman checking on Fr. Groff?

Right, above: Shellabarger looks a little sad about leading the "get acquainted march."

Left: No one can accuse Martine of dancing too closely.

FRESHMAN CANTEEN...

Pat Sullivan seems to be dancing on air . . . at least he doesn't need to look around.

Fitzgerald and Kershaw get to the head of the line again!! And where did you get that tie, Mike? Only big shot seniors wear those.

Below: Tucker and Knowlton waltz their partners within range of the camera.

Why so bashful, Larrison. Be brave like Mahan!

Right: Time out for a coke for Morrison and partner.

PATRONS AND ADVERTISERS

PATRONS AND ADVERTISERS.....THOUGH LAST IN OUR BOOK ARE FIRST IN OUR HEARTS.

WITHOUT THEIR KINDNESS AND GENEROUS FINANCIAL ASSISTANCE THERE WOULD BE NO 1961 ROCKET TO HELP US RECALL THE HAPPY DAYS OF OUR HIGH SCHOOL YEARS.

AS ADULTS WE PLAN TO SHOW OUR APPRECIATION BY PATRONIZING THEM. WE HOPE OUR READERS WILL DO SO TOO...NOW AND WHENEVER IN THE FUTURE THEY MAY FIND NEED FOR THEIR GOODS AND SERVICES.

Protecting men and property

The short length of chain which hangs from the rear end of a fuel truck is a familiar sight. It is a simple precautionary measure to prevent the accumulation of static electricity. Without it, a spark might turn the carrier into a blazing inferno. Safety precautions abound in every industry, protecting men and property against needless destruction. Precautionary measures should be taken to guard health, too. The most important is a physical examination at regular intervals. See your physician at least once a year for a thorough checkup. You may prevent a serious illness.

[Poppycock!]

"The old stove that served Dad and Mom is certainly more than adaquate for me." (However, if you are one of those moderns who insists on ultra-modern room by room temperature control, where electricity heats cleanly, quickly, flamelessly, then you'll want Electric Heating when you're ready to build a home.)
